ELECTRIC MOBILITY SCOOTER

ZHEJIANG RUIDI VEHICLE INDUSTRY CO.,LTD

RUIDI

Company Profile

Zhejiang Ruidi Vehicle Industry Co.,Ltd, We specialize in the design and manufacture of various kinds of electric vehicles for elders,sports and entertainment. Our production base is located in the industrial park of Jinhua City,Zhejiang Province.Our products are sold in the USA,Canada,Europe,Australia,as well as China.

We are in possession of advanced production equipment and workshops, and our premises cover an area of approximately 20000 square meters.Our factory houses fifty sets of production apparatus and four production lines. As a company,we have adopted a well-thought out,quality management style with capable individuals to execute it. We have set as our company's goal the attainment of the highest quality. What features our products is that they are easy to operate,energy-saving,free of noise and without air-pollution. We believe that our products should provide comfort and freedom for elders and disabled people.
